

Angela Grey Beauty: Salon Information

I am sure you will agree - COVID-19 has given us all many challenges. For the safety and wellbeing of all my clients, this document was written to share with you the current guidelines of the beauty industry I now need to follow within my salon to help combat the risk of COVID-19, so you can visit me with confidence.

Thank you for reading through this carefully, and adhering to the slight changes I have had to make in order to stay open. I'm very much looking forward to welcoming you for your beauty treatments! I want to reassure you that I've taken every measure possible to keep you safe during your visit.

-Angela

- I can only accept pre-booked appointments.
- When booking an appointment with me, please ensure you tell me exactly what treatments you would like, so I can gauge timings and not overrun.
- I am limiting the number of clients per day, so I can leave time in between clients to fully sanitise and clean the beauty room and client bathroom.
- I can only allow one person into the salon at a time. Friends/relatives travelling with you will need to wait in the car, or perhaps they may like a short walk into Bath City Centre.
- I will be wearing a face mask at all times during your visit.
- If you would like to pick up a coffee before your appointment time from [Coffee#1](#) just round the corner you are very welcome, or bring your own hot drink.
- Please do not bring food into the salon.
- I will provide bottled mineral water, still or sparkling during your treatment.
- Masks/face coverings must be worn during initial arrival at the salon.
- Payment: Bank transfer or cash is accepted.
- **IMPORTANT: If you or anyone in your household are showing signs/symptoms of COVID-19, you will need to postpone and rearrange your appointment until you are feeling better and have self-isolated. If I show any symptoms or need to isolate I will contact you and let you know.**
